Jademark E-Bike Limited Warranty Terms and Conditions

Jademark is pleased to offer original E-Bike owners a 1 year parts and labour return-to-depot warranty with coverage against any manufacturer's defect in workmanship and materials for the following components: E-Bike frame, motor, swing arm, controller, wheels and all mechanical and electrical components. In addition we offer a 90-day warranty on lead-acid battery cells and a 30-day warranty on chargers.

Jademark E-Bike's limited warranty does not cover vinyl materials (seats), fairings (plastics), tires, tubes, brake pads, light bulbs, or fuses.

Damage incurred from use of E-Bike in flooded areas; use in subzero temperatures, and exposure to ice, road salt, foreign debris or chemicals are not covered by the comprehensive warranty.

Jademark will assume no liability, whatsoever, if any defect in the product is found to be the result of improper storage or use of the product not consistent with Jademark instructions and recommendations.

Jademark shall be without liability for any E-Bike defect which in its opinion has resulted from the E-Bike being repaired/altered/modified by someone other than Jademark. Additionally, any damage Jademark determines has been caused by lack of maintenance, accident, misuse or abuse will not be covered.

Jademark does not warrant the fitness for any particular purpose of its products and does not make any warranty, express or implied, other than the limited warranty contained herein.
